JK Super Strong Weather Shield

Perfect solution for all problems due to seepage:

Growth of algae & fungus

Crumbling of plaster

Leaching in concrete

Corrosion of steel

Water repellent cement manufactured through in-house technology

JK Super OPC

Consistent and optimum blaine maintained at **2850+ cm²/gm** vs. BIS requirement of **2250 cm²/gm** for enhanced durability

28 day compressive strength @ **55MPa** vs other brands at **52MPa**

Value Added Customer Technical Services

- Concrete testing at JK Concrete Innovation and Application Centre (CIAC)
- Free concrete mix design
- Sand, coarse aggregates and water testing
- Slump cone and concrete testing at site
- Slab supervision by Qualified Civil Engineer
- NDT/rebound hammer test
- Cover blocks/shuttering tape on slab casting application
- "Service on Wheels" Mobile concrete technical lab

JK SUPER BuildXpert

500+	dedicated Technical Services Executives
60+	Mobile Technical Labs
3	Quality Testing Labs

Technology and Quality Assurance

- Consistent quality ensured by using **Gama Matrix Analyser**, **Robo Lab** and **Automatic Blaine Analyser**
- **QX-Ray Analyser** and **Diffractometer** to control quality of raw mix composition and clinker
- Technical expertise of Denmark based cement giant **F. L. Smidth & Co**
- **Robotic arm** used for error free sampling and testing
- ISO **9001:2015** (QMS), ISO **14001:2015** (EMS), OHSAS **18001:2007 & ISO 50001:2011**(EnMS) certifications

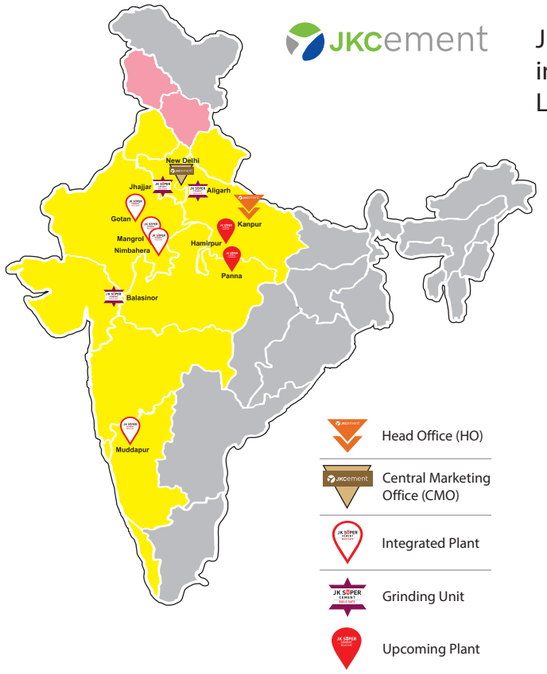
Company Overview



JK Cement Ltd. is an affiliate of the multi-disciplinary industrial conglomerate JK Organisation, founded by LalaKamlapat Singhania

~15 MT Cement production capacity

40+ Years of experience in cement manufacturing

7 Plants in Rajasthan, Haryana, Gujarat, Karnataka and Uttar Pradesh. (Upcoming in Madhya Pradesh and Eastern UP)

6K+ Dealers and customers base; pan-India presence

Products

Super Strong Weather Shield

OPC Cement

Premium Cement

Water Resistant

Corrosion Resistant

Enhances Concrete Durability

Better Workability

Higher Compressive Strength

Optimal and Consistent Fineness

Better Admixture Compatibility

Less Water Consumption

Anti-corrosion

Proud to Partner Prestigious Projects

Agra Lucknow Expressway—AFCONS

IIM—Udaipur Simplex Infrastructure

National War Memorial - NCC

Kishanganga Hydroelectric Power Project—HCC

India's First 8-Lane Cable segment Bridge

Other Projects

- Sadbhav Eastern Peripheral Highway
- Dravyavati River Rejuvenation
- L&T Dedicated Freight Corridor
- TATA Amrita Hospital
- Mumbai Goa Highway
- Udaipur Bypass
- Goa Airport
- L&T Bar Bilara—Jodhpur
- T49B and T74R Rail Tunnel
- Mumbai–Ahmedabad High Speed Rail Corridor

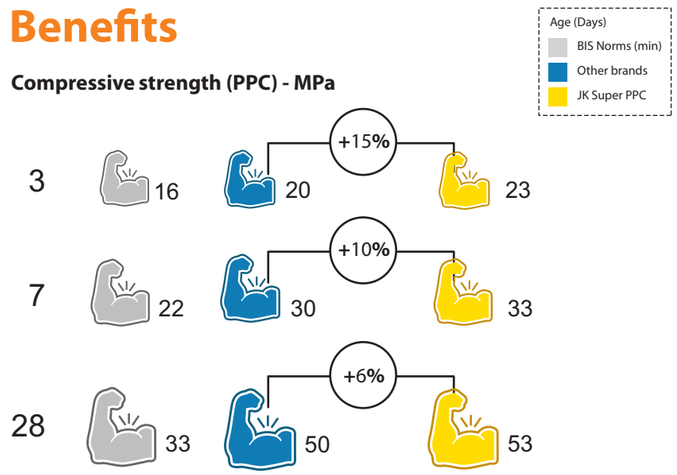
… and many more

Build Safe with JK Cement

Our products are superior in quality owing to stringent quality control, state-of-the-art manufacturing facilities and use of latest technology

JK Super Cement (PPC)

- **28 day** compressive strength **@ 53MPa** vs BIS requirement of **33 MPa**
- Minimal micro cracks due to lower heat of hydration
- Increased durability and superior long term gain of strength

Benefits


Compressive strength (PPC) - MPa
