

Ref. No. JKC/Jaisalmer/Mine/EC/001

Dated – 29th Nov, 2024

To,
Deputy Director General of Forests (C),
Integrated Regional Office, Jaipur
A-209&218, 'Aranya Bhawan', Mahatma Gandhi Road,
Jhalana Institutional Area, Jaipur (Raj.) – 304002
E-mail: iro.jaipur-mefcc@gov.in

Sub: Submission of the Six-Monthly Compliance Report of stipulated conditions in the Environmental Clearance granted for Proposed Limestone Mine- Khinya-II(A) Block (Auction Block), (Area: 304.0 ha) with total excavation of 6.04 Million TPA including 5.50 Million TPA ROM (Cement grade 5.40 million TPA and SMS grade 0.10 million TPA); 0.28 Million TPA Interburden and 0.26 Million TPA Alluvial Sand/Top soil along with Installation of one mobile crusher of 50 TPH and 1500 TPH Crushers with vibrating screen near Village: Khinya, Tehsil: Shri Mohangarh, District: Jaisalmer (Rajasthan) by J.K. Cement Limited for the period: **April-2024 to September 2024.**

Ref: - EC granted by MoEF&CC vide File No. IA-J-11015/77/2021-IA-II (NCM) dated 11.07.2022.

Dear Sir,

This is context to the above subject & reference, we are submitting herewith the Six-Monthly Compliance Report of stipulated conditions in Environmental Clearance granted for Proposed Limestone Mine- Khinya-II(A) Block (Auction Block), (Area: 304.0 ha) with total excavation of 6.04 Million TPA including 5.50 Million TPA ROM (Cement grade 5.40 million TPA and SMS grade 0.10 million TPA); 0.28 Million TPA Interburden and 0.26 Million TPA Alluvial Sand/Top soil along with Installation of one mobile crusher of 50 TPH and 1500 TPH Crushers with vibrating screen near Village: Khinya, Tehsil: Shri Mohangarh, District: Jaisalmer (Rajasthan) by J.K. Cement Limited for the period: **April-2024 to September 2024** as per the above referred EC letter.

As per MoEF & CC notification vide No.: S.O. 5845(E) dated 26.11.2018 regarding to submit the Environment Clearance Compliance Report in soft copy only and in compliance to the same, we are hereby submitting the EC Compliance through e-mail for your kind reference and record please.

We trust, your good self will find the same in order.

Thanking you,

Yours faithfully,

For J. K. Cement Ltd., Jaisalmer
(A Unit of J. K. Cement Ltd.)

Bhaskar Singh Rawat
(Authorized Signatory)

Encl. As above.

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

Name & Location of Project	:	Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.
Clearance Letter No. & Date	:	IA-J-11015/77/2021-IA-II(NCM), Dated: 11 th July, 2022
Detail of Project As Per EC Letter	:	Proposed Limestone Mine- Khinya-II(A) Block (Auction Block), (Area: 304.0 ha) with total excavation of 6.04 Million TPA including 5.50 Million TPA ROM (Cement grade 5.40 million TPA and SMS grade 0.10 million TPA); 0.28 Million TPA Interburden and 0.26 Million TPA Alluvial Sand/Top soil along with Installation of one mobile crusher of 50 TPH and 1500 TPH Crushers with vibrating screen near Village: Khinya, Tehsil: Shri Mohangarh, District: Jaisalmer (Rajasthan) by J.K. Cement Limited.
Period of Compliance Report	:	April, 2024 - September, 2024
Status of Project	:	Project yet to be started
S. No.	Conditions	Compliance Status
A	SPECIFIC CONDITION:	
i.	The Project proponent should install the Continuous Ambient Air Quality Monitoring Stations in such numbers as per the scientific study and in consultation with CPCB.	Noted & Will be Complied.
ii.	The Mine lease area includes 95.72 ha of private land which belongs to 45 families. The project proponent has submitted a package of Rs. 8.095 crore towards compensation for the agriculture land. The EAC quoting the policy of LARR of Government of India advised the Project Proponent to ensure that each land losing family buys alternate land with the compensation amount. The compensation may only be disbursed at the time when these families are making an agreement for land purchase. The project proponent shall submit the progressive as well as final settlement details of R&R to IRO along with the compliance report every 6 months.	Noted & Will be explored the possibilities to Complied.
iii.	The plantation in the public places which has been proposed by PP should include 50% fruit bearing trees which can become additional source of income for the local. The PP should ensure that the fruit trees are not planted along the roadside.	Noted & Will be Complied.
iv.	At no stage of mining operation the grazing land will be diverted. A barrier between mining zone and grazing land should kept and boundary plantation	Noted & Will be Complied.

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

	to be taken up by the Project Proponent. Furthermore, the project proponent shall undertake development of grazing land in consultation with Villagers through re-grassing, drip irrigation and there should be open access to all.	
v.	The Grazing land also should be protected by 50 m safety zone, access to the grazing land and its maintenance will also be done by PP in consultation with Villagers.	Noted & Will be Complied.
vi.	The Project Proponent should clearly indicate whether the existing road will be used for mining if minerals are found beneath. If mineral is found, a conceptual plan should be submitted by the PP clearly indicating the diversion of the existing road before initiating the mining.	Noted & Will be Complied.
vii.	Since the progressive mine is proposed in 3 rd year PP will have to follow the guideline for protecting the commuters from the impact of Drilling and Blasting. 50 m buffer zone on either side should be created to protect the commuters during the 1 st five year plan.	Noted & Will be Complied.
viii.	The project proponent to install Continuous Ambient Air Quality Monitoring Stations near the impact zone. PP shall also undertake water quality monitoring, Noise monitoring, vibration monitoring at the lease boundary and in the nearby Villages.	Noted & Will be Complied.
ix.	The project proponent should periodically monitor and maintain health records of the mine workers digitally prior to mining operations, at the time of operations of mine and post mining operations. Regular surveillance on silicosis shall be carried through regular occupational health check up every year for mine workers. PP shall also organise medical camp for the benefit of local people and also monitor the health impacts due to mining activity.	Noted & Will be Complied.
x.	The Project Proponent shall continue to monitor water quality of stream/ nallah with specific reference to Langelier Saturation Index to assess the impact of calcium carbonate on water quality.	Noted & Will be Complied.
xi.	The Project Proponent should explore the possibility for shifting to clean energy using electric equipment for cleaner production options to reduce the emissions generated from various machineries.	Noted & Will be Complied.
xii.	The Project Proponent shall strictly follow the mitigation measures provided in MoEF&CC Office Memorandum No. Z-11013/57/2014/-IA.II(M) dated 29 th October, 2014.	Noted & Will be Complied.
B	Standard Conditions for Mining of Mineral:	
I.	Statutory compliance	

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

1)	This Environmental Clearances (EC) is subject to orders / judgement of Hon'ble Supreme Court of India, Hon'ble High Court, Hon'ble NGT and any other Court of Law, Common Cause Conditions as may be applicable.	Noted
2)	The Project proponent complies with all the statutory requirements and judgement of Hon'ble Supreme Court dated 2nd August, 2017 in Writ Petition (Civil) No. 114 of 2014 in matter of Common Cause versus Union of India & Ors before commencing the mining operations.	Noted & Will be complied
3)	The State Government concerned shall ensure that mining operation shall not be commenced till the entire compensation levied, if any, for illegal mining paid by the Project Proponent through their respective Department of Mining & Geology in strict compliance of Judgment of Hon'ble Supreme Court dated 2nd August, 2017 in Writ Petition (Civil) No. 114 of 2014 in matter of Common Cause versus Union of India & Ors.	Noted
4)	This Environmental Clearance shall become operational only after receiving formal NBWL Clearance from MoEF&CC subsequent to the recommendations of the standing committee of National Board of Wildlife, if applicable to the Project.	Noted
5)	This Environmental Clearance shall become operational only after receiving formal Forest Clearance (FC) under the provision of Forest Conservation Act, 1980, if applicable to the Project.	Not Applicable
6)	Project Proponent (PP) shall obtain consent to operate after granting of EC and effectively implement all the conditions stipulated therein. The mining activity shall not commence prior to obtaining Consent to Establish/ Consent to Operate from the concerned State Pollution Control Board/ Committee.	Noted & Complied.
7)	The PP shall adhere to the provision of the Mines Act, 1952, Mines and Mineral (Development & Regulation), Act, 2015 and rules & Regulation made there under. PP shall adhere to various circulars issued by Directorate General Mines Safety (DGMS) and Indian Bureau of Mines from time to time.	Noted & Will be complied
8)	The Project Proponent shall obtain consents from all the concerned land owners, before start of mining operation, as per the provisions of MMDR Act, 1957 and rules made there under in respected of lands which are not owned by it.	Noted & Will be complied
9)	The Project Proponent shall follow the mitigation measures provided in MoEFCC's Office Memorandum No. Z-11013/57/2014-IA.II (M), dated 29th October, 2014, titled "Impact of mining	Agreed. The company assures that the mitigation measures provided in MoEFCC's Office Memorandum No. Z-11013/57/2014-IA.II

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

	activities on Habitations-Issues related to the mining Projects wherein Habitations and Villages are the part of mine lease areas or Habitations and villages are surrounded by the mine lease area.”	(M), dated 29th October, 2014, titled “Impact of mining activities on Habitations-Issues related to the mining Projects wherein Habitations and villages are the part of mine lease areas or Habitations and villages are surrounded by the mine lease area” will be followed by the company.
10)	The Project Proponent shall obtain necessary prior permission of the competent authorities for drawl of requisite of surface water and from CGWA for withdrawal of ground water for the project.	Agreed, NOC for utilization of water from Indira Gandhi canal has been obtained from Indira Gandhi Nahar Department, Department of Water Resources, Govt of Rajasthan vide letter no F. 6(3) IGNB/2021 dated 04.03.2022. Application has been submitted to CGWA for ground water abstraction vide application No 21-4/17177/RJ/MIN/2022 dated 05.05.2022. Copy enclosed in Annexure-01.
11)	A copy of EC letter will be marked to concerned Panchayat / local NGO etc. if any, from whom suggestion / representation has been received while processing the proposal.	The copy of EC letter has been provided to concerned Panchayat vide letter no. JSL/PROJ/03 dt. 16.07.2022, Copy enclosed in Annexure-02.
12)	State Pollution Control Board / Committee shall be responsible for display of this EC letter at its Regional office, District Industries Centre and Collector’s office / Tehsildar’s Office for 30 days.	The condition is related to SPCB.
13)	The Project Authorities should widely advertise about the grant of this EC letter by printing the same in at least two local newspapers, one of which shall be in vernacular language of the concerned area. The advertisement shall be done within 7 days of the issue of the clearance letter mentioning that the instant project has been accorded EC and copy of the EC letter is available with the State Pollution Control Board/Committee and website of the Ministry of Environment, Forest and Climate Change (www.parivesh.nic.in). A copy of the advertisement may be forwarded to the concerned MoEFCC Regional Office for compliance and record.	The advertisement about the grant of EC letter for the project has been published in two local newspapers namely Dainik Bhaskar and Rajasthan Patrika dated 14 th July, 2022 and copy of the same already send on 30.07.2022. Copy enclosed in Annexure-02.
14)	The Project Proponent shall inform the MoEF&CC for any change in ownership of the mining lease. In case there is any change in ownership or mining lease is transferred. PP needs to apply for transfer of EC as per provisions of the para 11 of EIA Notification, 2006 as amended from time to time.	Noted & Will be complied
II.	Air quality monitoring and preservation	
15)	The Project Proponent shall install a minimum of 3 (three) online Ambient Air Quality Monitoring Stations with 1 (one) in upwind and 2 (two) in downwind direction based on long term climatological data about wind direction such that	Noted, Project activities not yet started.

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

	an angle of 120° is made between the monitoring locations to monitor critical parameters, relevant for mining operations, of air pollution viz. PM10, PM2.5, NO2, CO and SO2 etc. as per the methodology mentioned in NAAQS Notification No. B-29016/20/90/PCI/I dated 18.11.2009 covering the aspects of transportation and use of heavy machinery in the impact zone. The ambient air quality shall also be monitored at prominent places like office building, canteen etc. as per the site condition to ascertain the exposure characteristics at specific places. The above data shall be digitally displayed within 03 months in front of the main Gate of the mine site.	
16)	Effective safeguard measures for prevention of dust generation and subsequent suppression (like regular water sprinkling, metalled road construction etc.) shall be carried out in areas prone to air pollution wherein high levels of PM10 and PM2.5 are evident such as haul road, loading and unloading point and transfer points. The Fugitive dust emissions from all sources shall be regularly controlled by installation of required equipments/ machineries and preventive maintenance. Use of suitable water-soluble chemical dust suppressing agents may be explored for better effectiveness of dust control system. It shall be ensured that air pollution level conform to the standards prescribed by the MoEFCC/ Central Pollution Control Board	Noted, once project will be started all measure to be taken to control the dust.
III.	Water quality monitoring and preservation	
17)	In case, immediate mining scheme envisages intersection of ground water table, then Environmental Clearance shall become operational only after receiving formal clearance from CGWA. In case, mining operation involves intersection of ground water table at a later stage, then PP shall ensure that prior approval from CGWA and MoEFCC is in place before such mining operations. The permission for intersection of ground water table shall essentially be based on detailed hydro-geological study of the area.	Noted & Will be complied
18)	Regular monitoring of the flow rate of the springs and perennial nallahs flowing in and around the mine lease shall be carried out and records maintain. The natural water bodies and or streams which are flowing in and around the Village, should not be disturbed. The Water Table should be nurtured so as not to go down below the pre-mining period. In case of any water scarcity in the area, the Project Proponent has to provide water to the Villagers for their use. A provision for regular	Noted & Will be complied

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

	monitoring of water table in open dug wall located in Village should be incorporated to ascertain the impact of mining over ground water table. The Report on changes in Ground water level and quality shall be submitted on six monthly basis to the Regional Office of the Ministry, CGWA and State Groundwater Department/ State Pollution Control Board.	
19)	Project Proponent shall regularly monitor and maintain records w.r.t. ground water level and quality in and around the mine lease by establishing a network of existing wells as well as new piezo-meter installations during the mining operation in consultation with Central Ground Water Authority/ State Ground Water Department. The Report on changes in Ground water level and quality shall be submitted on six-monthly basis to the Regional Office of the Ministry, CGWA and State Groundwater Department / State Pollution Control Board.	Noted, Project activities not yet started.
20)	The Project Proponent shall undertake regular monitoring of natural water course/ water resources/ springs and perennial nallahs existing/ flowing in and around the mine lease including upstream and downstream. Sufficient number of gullies shall be provided at appropriate places within the lease for management of water. The parameters to be monitored shall include their water quality vis-à-vis suitability for usage as per CPCB criteria and flow rate. It shall be ensured that no obstruction and/ or alteration be made to water bodies during mining operations without justification and prior approval of MoEFCC. The monitoring of water courses/ bodies existing in lease area shall be carried out four times in a year viz. pre- monsoon (April-May), monsoon (August), post-monsoon (November) and winter (January) and the record of monitored data may be sent regularly to Ministry of Environment, Forest and Climate Change and its Regional Office, Central Ground Water Authority and Regional Director, Central Ground Water Board, State Pollution Control Board and Central Pollution Control Board. Clearly showing the trend analysis on six-monthly basis.	Noted, Project activities not yet started.
21)	Quality of polluted water generated from mining operations which include Chemical Oxygen Demand (COD) in mines run-off; acid mine drainage and metal contamination in runoff shall be monitored along with Total Suspended Solids (TDS), Dissolved Oxygen (DO), pH and Total Suspended Solids (TSS).	Noted, Project activities not yet started.

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

	The monitored data shall be uploaded on the website of the company as well as displayed at the project site in public domain, on a display board, at a suitable location near the main gate of the Company. The circular No. "- 20012/1/2006-IA.11 (M) dated 27.05.2009 issued by Ministry of Environment, Forest and Climate Change may also be referred in this regard.	
22)	Project Proponent shall plan, develop and implement rainwater harvesting measures on long term basis to augment ground water resources in the area in consultation with Central Ground Water Board/ State Groundwater Department. A report on amount of water recharged needs to be submitted to Regional Office MoEFCC annually.	Noted, Project activities not yet started.
23)	Industrial waste water (workshop and waste water from the mine) should be properly collected and treated so as to conform to the notified standards prescribed from time to time. The standards shall be prescribed through Consent to Operate (CTO) issued by concerned State Pollution Control Board (SPCB). The workshop effluent shall be treated after its initial passage through Oil and grease trap.	Noted, Project activities not yet started.
24)	The water balance/water auditing shall be carried out and measure for reducing the consumption of water shall be taken up and reported to the Regional Office of the MoEF&CC and State Pollution Control Board / Committee.	Agreed and will be complied with the given direction.
IV.	Noise and vibration monitoring and prevention	
25)	The peak particle velocity at 500m distance or within the nearest habitation, whichever is closer shall be monitored periodically as per applicable DGMS guidelines	Agreed and will be complied
26)	The illumination and sound at night at project sites disturb the villages in respect of both human and animal population. Consequent sleeping disorders and stress may affect the health in the villages located close to mining operations. Habitations have a right for darkness and minimal noise levels at night. PPs must ensure that the biological clock of the villages is not disturbed; by orienting the floodlights/ masks away from the villagers and keeping the noise levels well within the prescribed limits for day /night hours.	Agreed and will be complied
27)	The Project Proponent shall take measures for control of noise levels below 85 dBA in the work environment. The workers engaged in operations of HEMM, etc. should be provided with ear plugs /muffs. All personnel including laborers working in dusty areas shall be provided with protective respiratory devices along with adequate training, awareness and information on safety and health	Noted & Will be complied

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

	aspects. The PP shall be held responsible in case it has been found that workers/ personals/ laborers are working without personal protective equipment.	
V.	Mining plan	
28)	The Project Proponent shall adhere to approved mining plan, inter alia, including, total excavation (quantum of mineral, waste, over burden, inter burden and top soil etc.); mining technology; lease area; scope of working (method of mining, overburden & dump management, O.B. & dump mining, mineral transportation mode, ultimate depth of mining, concurrent reclamation and reclamation at mine closure; land-use of the mine lease area at various stages of mining scheme as well as at the end-of-life; etc.).	Noted & Will be complied
29)	The Project Proponent shall get the Final Mine Closure Plan along with Financial Assurance approved from Indian Bureau of Mines/ Department of mining & Geology as required under the provision of the MMDR Act, 1957 and Rules/ Guidelines made there under. A copy of approved final mine closure plan shall be submitted within 2 months of the approval of the same from the competent authority to the concerned Regional Office of the Ministry of Environment, Forest and Climate Change for record and verification.	Noted & Will be complied
30)	The land use of the mine lease area at various stages of mining scheme as well as at the end-of-life shall be governed as per the approved Mining Plan. The excavation vis-a-vis backfilling in the mine lease area and corresponding afforestation to be raised in the reclaimed area shall be governed as per approved mining plan. PP shall ensure the monitoring and management of rehabilitated areas until the vegetation becomes self-sustaining. The compliance status shall be submitted half-yearly to the MoEFCC and its concerned Regional Office.	Noted & Will be complied
VI.	Land reclamation	
31)	The Overburden (O.B.) generated during the mining operations shall be stacked at earmarked OB dump site(s) only and it should not be kept active for a long period of time. The physical parameters of the OB dump like height, width and angle of slope shall be governed as per the approved Mining Plan and as per the guidelines/circulars issued by D.G.M.S. w.r.t. safety in mining operations shall be strictly adhered to maintain the stability of top soil/OB dumps. The topsoil shall be used for land reclamation and plantation.	Noted & Will be complied
32)	The reject/ waste generated during the mining operations shall be stacked at earmarked waste	Noted & Will be complied

	dump site(s) only. The physical parameters of the waste dump like height, width and angle of slope shall be governed as per the approved Mining Plan and as per the guidelines/circulars issued by D.G.M.S. w.r.t. safety in mining operations shall be strictly adhered to maintain the stability of waste dumps.	
33)	The reclamation of waste dump sites shall be done in scientific manner as per the Approved Mining Plan cum Progressive Mine Closure Plan.	Noted & Will be complied
34)	The slope of dumps shall be vegetated in scientific manner with suitable native species to maintain the slope stability, prevent erosion and surface run off. The selection of local species regulates local climatic parameters and help in adaptation of plant species to the microclimate. The gullies formed on slopes should be adequately taken care of as it impacts the overall stability of dumps. The dump mass should be consolidated with the help of dozer/ compactors thereby ensuring proper filling/ leveling of dump mass. In critical areas, use of geo textiles/ geo-membranes / clay liners / Bentonite etc. shall be undertaken for stabilization of the dump.	Noted & Will be complied
35)	The Project Proponent shall carryout slope stability study in case the dump height is more than 30 meters. The slope stability report shall be submitted to concerned regional office of MoEF&CC.	Noted & Will be complied
36)	Catch drains, settling tanks and siltation ponds of appropriate size shall be constructed around the mine working, mineral yards and Top Soil/OB/Waste dumps to prevent run off of water and flow of sediments directly into the water bodies (Nallah/ River/ Pond etc.). The collected water should be utilized for watering the mine area, roads, green belt development, plantation etc. The drains/ sedimentation sumps etc. shall be de-silted regularly, particularly after monsoon season, and maintained properly.	Noted & Will be complied
37)	Check dams of appropriate size, gradient and length shall be constructed around mine pit and OB dumps to prevent storm run-off and sediment flow into adjoining water bodies. A safety margin of 50% shall be kept for designing of sump structures over and above peak rainfall (based on 50 years data) and maximum discharge in the mine and its adjoining area which shall also help in providing adequate retention time period thereby allowing proper settling of sediments/ silt material. The sedimentation pits/ sumps shall be constructed at the corners of the garland drains.	Noted & Will be complied

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

38)	The top soil, if any, shall temporarily be stored at earmarked site(s) within the mine lease only and should not be kept unutilized for long. The physical parameters of the top soil dumps like height, width and angle of slope shall be governed as per the approved Mining Plan and as per guidelines framed by DGMS w. r. t. safety in mining operations shall be strictly adhered to maintain the stability of dumps. The topsoil shall be used for land reclamation and plantation purpose.	Noted & Will be complied
VII.	Transportation	
39)	No Transportation of the minerals shall be allowed in case of roads passing through villages/habitations. In such cases, PP shall construct a 'bypass' road for the purpose of transportation of the minerals leaving an adequate gap (say at least 200 meters) so that the adverse impact of sound and dust along with chances of accidents could be mitigated. All costs resulting from widening and strengthening of existing public road network shall be borne by the PP in consultation with nodal State Govt. Department. Transportation of minerals through road movement in case of existing village/rural roads shall be allowed in consultation with nodal State Govt. Department only after required strengthening such that the carrying capacity of roads is increased to handle the traffic load. The pollution due to transportation load on the environment will be effectively controlled and water sprinkling will also be done regularly. Vehicular emissions shall be kept under control and regularly monitored. Project should obtain Pollution Under Control (PUC) certificate for all the vehicles from authorized pollution testing centers.	Noted & Will be complied
40)	The Main haulage road within the mine lease should be provided with a permanent water sprinkling arrangement for dust suppression. Other roads within the mine lease should be wetted regularly with tanker-mounted water sprinkling system. The other areas of dust generation like crushing zone, material transfer points, material yards etc. should invariably be provided with dust suppression arrangements. The air pollution control equipments like bag filters, vacuum suction hoods, dry fogging system etc. shall be installed at Crushers, belt-conveyors and other areas prone to air pollution. The belt conveyor should be fully covered to avoid generation of dust while transportation. PP shall take necessary measures to avoid generation of fugitive dust emission.	Noted & Will be complied
VIII.	Green Belt	

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

41)	The Project Proponent shall develop greenbelt in 7.5m wide safety zone all along the mine lease boundary as per the guidelines of CPCB in order to arrest pollution emanating from mining operations within the lease. The whole Green belt shall be developed within first 5 years starting from windward side of the active mining area. The development of greenbelt shall be governed as per the EC granted by the Ministry irrespective of the stipulation made in approved mine plan.	Noted & Will be complied
42)	The Project Proponent shall carryout plantation/afforestation in backfilled and reclaimed area of mining lease, around water body, along the roadsides, in community areas etc. by planting the native species in consultation with the State Forest Department/ Agriculture Department/ Rural development department/ Tribal Welfare Department/ Gram Panchayat such that only those species be selected which are of use to the local people. The CPCB guidelines in this respect shall also be adhered. The density of the trees should be around 2500 saplings per Hectare. Adequate budgetary provision shall be made for protection and care of trees.	Noted & Will be complied
43)	The Project Proponent shall make necessary alternative arrangements for livestock feed by developing grazing land with a view to compensate those areas which are coming within the mine lease. The development of such grazing land shall be done in consultation with the State Government. In this regard, Project Proponent should essentially implement the directions of the Hon'ble Supreme Court with regard to acquisition of grazing land. The sparse trees on such grazing ground, which provide mid-day shelter from the scorching sun, should be scrupulously guarded/protected against felling and plantation of such trees should be promoted.	Noted & Will be complied
44)	The Project Proponent shall undertake all precautionary measures for conservation and protection of endangered flora and fauna and Schedule-I species during mining operation. A Wildlife Conservation Plan shall be prepared	Noted & Will be complied
45)	And implemented in consultation with the State Forest and Wildlife Department. A copy of Wildlife Conservation Plan and its implementation status (annual) shall be submitted to the Regional Office of the Ministry.	Noted & Will be complied
IX.	Public hearing and human health issues	
46)	The Project Proponent shall appoint an Occupational Health Specialist for Regular as well as Periodical medical examination of the workers	Noted & Will be complied

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

	engaged in the mining activities, as per the DGMS guidelines. The records shall be maintained properly. PP shall also carryout Occupational health check-ups in respect of workers which are having ailments like BP, diabetes, habitual smoking, etc. The check-ups shall be undertaken once in six months and necessary remedial/ preventive measures be taken. A status report on the same may be sent to MoEF&CC Regional Office and DGMS on half-yearly basis.	
47)	The Project Proponent must demonstrate commitment to work towards 'Zero Harm' from their mining activities and carry out Health Risk Assessment (HRA) for identification workplace hazards and assess their potential risks to health and determine appropriate control measures to protect the health and wellbeing of workers and nearby community. The proponent shall maintain accurate and systematic records of the I-IRA. The I-IRA for neighbourhood has to focus on Public Health Problems like Malaria, Tuberculosis, HIV, Anaemia, Diarrhoea in children under five, respiratory infections due to bio mass cooking. The proponent shall also create awareness and educate the nearby community and workers for Sanitation, Personal Hygiene, Hand washing, not to defecate in open, Women Health and Hygiene (Providing Sanitary Napkins), hazard of tobacco and alcohol use. The Proponent shall carryout base line I-IRA for all the category of workers and thereafter every five years.	Noted & Will be complied
48)	The Proponent shall carry out Occupational health surveillance which be a part of HRA and include Biological Monitoring where practical and feasible, and the tests and investigations relevant to the exposure (e.g. for Dust a X-Ray chest; For Noise Audiometric; for Lead Exposure Blood Lead, For Welders Full Ophthalmologic Assessment; for Manganese Miners a complete Neurological Assessment by a Certified Neurologist, and Manganese (Mn) Estimation in Blood; For Inorganic Chromium- Fortnightly skin inspection of hands and forearms by a responsible person. Except routine tests all tests would be carried out in a Lab accredited by NABH. Records of Health Surveillance must be kept for 30 years, including the results of and the records of Physical examination and tests. The record of exposure due to materials like Asbestos, Hard Rock Mining, Silica, Gold, Kaolin, Aluminium, Iron, Manganese, Chromium, Lead, Uranium need to be handed over to the Mining Department of the State in case the life of the mine	Noted & Will be complied

	is less than 30 years. It would be obligatory for the State Mines Departments to make arrangements for the safe and secure storage of the records including X-Ray. Only conventional X-Ray will be accepted for record purposes and not the digital one). must meet ILO criteria (17 x14 inches and of good quality).	
49)	The Proponent shall maintained a record of performance indicators for workers which includes (a) there should not be a significant decline in their Body Mass Index and it should stay between 18.5 - 24.9, (b) the Final Chest X-Ray compared with the base line X-Ray should not show any capacities ,(c) At the end of their leaving job there should be no Diminution in their Lung Functions Forced Expiratory Volume in one second (FEV1) , forced vital capacity (FVC) and the ratio unless they are smokers which has to be adjusted and the effect of age , (d) their hearing should not be affected . as a proof an Audiogram (first and last need to be presented), (e) they should not have developed any persistent back pain, neck pain and the movement of their Hip, Knee and other joints should have normal range of movement, (f) they should not have suffered loss of any body part. The record of the same should be submitted to the regional office. MoEF&CC annually along with details of the relief and compensation paid to workers having above indications.	Noted & Will be complied
50)	The Project Proponent shall ensure that Personnel working in dusty areas should wear protective respiratory devices and they should also be provided with adequate training and information on safety and health aspects.	Noted & Will be complied
51)	Project Proponent shall make provision for the housing for workers/labors or shall construct labour camps within/outside (company owned land) with necessary basic infrastructure/ facilities like fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche for kids etc. The housing may be provided in the form of temporary structures which can be removed after the completion of the project related infrastructure. The domestic waste water should be treated with STP in order to avoid contamination of underground water.	Noted & Will be complied
52)	The activities proposed in Action plan prepared for addressing the issues raised during the Public Hearing shall be completed as per the budgetary provisions mentioned in the Action Plan and within the stipulated time frame. The Status Report on implementation of Action Plan shall be submitted	Noted & Will be complied

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

	to the concerned Regional Office of the Ministry along with District Administration.	
X.	Corporate Environment Responsibility	
53)	The activities and budget earmarked for Corporate Environmental Responsibility (CER) as per Ministry's O M No 22-65/2017-IA. II (M) dated 01.05.2018 or as proposed by EAC should be kept in a separate bank account. The activities proposed for CER shall be implemented in a time bound manner and annual report of implementation of the same along with documentary proof viz. photographs, purchase documents, latitude & longitude of infrastructure developed & road constructed needs to be submitted to Regional Office MoEF&CC annually along with audited statement.	Noted & Will be complied
54)	Project Proponent shall keep the funds earmarked for environmental protection measures in a separate account and refrain from diverting the same for other purposes. The Year wise expenditure of such funds should be reported to the MoEF&CC and its concerned Regional Office.	Noted & Will be complied
XI.	Miscellaneous	
55)	The Project Proponent shall prepare digital map (land use & land cover) of the entire lease area once in five years purpose of monitoring land use pattern and submit a report to concerned Regional Office of the MoEF&CC.	Noted & Will be complied
56)	The Project Authorities should inform to the Regional Office regarding date of financial closures and final approval of the project by the concerned authorities and the date of start of land development work.	Noted & Will be complied
57)	The Project Proponent shall submit six monthly compliance reports on the status of the implementation of the stipulated environmental safeguards to the MOEF&CC & its concerned Regional Office, Central Pollution Control Board and State Pollution Control Board.	Noted & Will be complied
58)	A separate 'Environmental Management Cell' with suitable qualified manpower should be set-up under the control of a Senior Executive. The Senior Executive shall directly report to Head of the Organization. Adequate number of qualified Environmental Scientists and Mining Engineers shall be appointed and submit a report to RO, MoEF&CC.	Noted & Will be complied
59)	The concerned Regional Office of the MoEF&CC shall randomly monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the MoEF&CC	Noted & Will be complied

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

	officer(s) by furnishing the requisite data / information / monitoring reports.	
C.	Standard EC Conditions for Mineral Beneficiation Plants:	
I.	Statutory compliances:	
1)	The project proponent shall obtain forest clearance under the provision of forest (Conservation) Act, 1986, in case of the diversion of the forest land for non-forest purpose involved in the project.	NOC for no forest land present in mining lease area has been obtained from Deputy Conservator of Forest, Jodhpur Division vide letter dated 13.08.2021. Copy enclosed as Annexure-3
2)	The project proponent shall obtain clearance from the National Board of Wildlife, if applicable.	Noted
3)	The project proponent shall prepare a site-specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan/ Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (In case of the presence of schedule-I species in the study area).	There is no any schedule -1 species found in study area. Authenticated Location map and list of flora and fauna has been obtained from DCF, Jaisalmer vide letter no F()DCF/Technical/2021-22/177 dated 12.01.2022. Copy enclosed as Annexure-4
4)	The project proponent shall obtain Consent to Establish / Operate under the provision of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/ Committee.	Noted & Will be complied
5)	The project proponent shall obtain the necessary permissions from the Central Ground Water Authority, in case of drawl of surface water required for the project.	Agreed, NOC for utilization of water from Indira Gandhi canal has been obtained from Indira Gandhi Nahar Department, Department of Water Resources, Govt of Rajasthan vide letter no F. 6(3) IGNB/2021 dated 04.03.2022. Application has been submitted to CGWA for ground water abstraction vide application No 21-4/17177/RJ/MIN/2022 dated 05.05.2022. Copy enclosed in Annexure-01.
6)	The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time	Noted & Will be complied
II	Air quality monitoring and preservation	
7)	The project proponent shall install 24x7 Continuous Emission Monitoring System (CEMS) at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 as amended from time to time and connected to SPCB and CPCB online servers and calibrate these systems from time to time according to equipment supplier specification through labs recognized under Environment	Noted & Will be complied

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

	(Protection) Act, 1986 or NABL accredited laboratories. Monitor fugitive emissions in the plant premises.	
8)	The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986. The project proponent shall install system to carryout Continuous Ambient Air Quality monitoring for common/ criterion parameters relevant to the main pollutant released (e.g., PM 10 and PM 2.5 in reference to PM emission, and SO2 and NOx in reference to SO2 and NOx emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120' each) covering upwind and downwind directions.	Noted & Will be complied
9)	The project proponent shall install system to carryout Continuous Ambient Air Quality monitoring for common/ criterion parameters relevant to the main pollutant released (e.g., PM 10 and PM 2.5 in reference to PM emission, and SO2 and NOx in reference to SO2 and NOx emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120' each) covering upwind and downwind directions.	Noted & Will be complied
10)	The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality/ fugitive emissions to Regional Office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.	Noted & Will be complied
11)	Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emissions standards.	Noted & Will be complied
12)	The project proponent use leak proof trucks/ dumpers carrying ore and other raw materials and cover them with tarpaulin.	Noted & Will be complied
13)	Wind shelter fence and chemical spraying shall be provided on the raw material stock piles.	Noted & Will be complied
14)	Design the ventilation system for adequate air change as per ACGIH document for all tunnels, motor houses, oil Cellars.	Noted & Will be complied
III	Water quality monitoring and preservation	
15)	The project proponent shall install 24X7 continuous effluent monitoring system with respect to standards prescribed in Environment (Protection) Rules 1986 as amended from time to time and	Noted & Will be complied

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

	connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.	
16)	The project proponent shall monitor regularly ground water quality at least twice a year (pre and post monsoon) at sufficient number of piezometer/ sampling wells in the plant and adjacent areas through labs recognised under Environment (Protection) Act, 1986 and NABL accredited laboratories.	Noted & Will be complied
17)	The project proponent shall submit monthly summary report of continuous effluent monitoring and results of manual effluent testing and manual monitoring of ground water quality to Regional Office of MoEF&CC, Zonal Office of CPCB and Regional Office of SPCB along with six-monthly monitoring report.	Noted & Will be complied
18)	The project proponent shall provide the slime disposal facilities with impervious lining and collection wells for seepage. The water collected from the slime pond shall be treated and recycled.	Noted & Will be complied
19)	Adhere to 'Zero Liquid Discharge'	Noted & Will be complied
20)	Sewage Treatment Plant shall be provided for treatment of domestic waste water to meet the prescribed standards.	Noted & Will be complied
21)	Garland drains and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rains and to check the water pollution due to surface run off.	Noted & Will be complied
22)	The project proponent shall practice rainwater harvesting to maximum possible extent.	Noted & Will be complied
23)	The project proponent shall make efforts to minimise water consumption in the steel plant complex by segregation of used water, practicing cascade use and by recycling treated water.	Noted & Will be complied
IV)	Noise monitoring and prevention	
24)	Noise level survey shall be carried as per the prescribed guideline and report in this regard shall be submitted to Regional Office of the Ministry as a part of six-monthly compliance report.	Noted & Will be complied
25)	The ambient noise levels should conform to the standard prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time.	Noted & Will be complied
V.	Energy Conservation measures	
26)	Provide solar power generation on roof tops of buildings, foe solar light system for all common areas, street lights, parking around project area and maintain the same regularly.	Noted & Will be complied

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

27)	Provide LED lights in their offices and residential areas.	
VI.	Waste Management	
28)	The waste oil, grease and other hazardous waste shall be disposed of as per the Hazardous & Other waste (Management & Transboundary Movement) Rules, 2016.	Noted & Will be complied
29)	Kitchen waste shall be composted or converted to biogas for further use. (to be decided on case to case basis depending on type and size of plant.)	Noted & Feasibility will be explored. Presently project work is yet to be started.
VII.	Green Belt and EMP	
30)	Greenbelt shall be developed in an area equal to 33% of the plant area with a native tree species in accordance with CPCB guideline. The greenbelt shall inter alia cover the entire periphery of the plant.	Noted & Will be complied
31)	The project proponent shall prepare GHG emissions inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including plantation.	Noted & Will be complied
VIII	Public Hearing and Human health issues	
32)	Emergency preparedness plan based on the Hazard Identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.	Noted & Will be complied
33)	The Project proponent shall carry out heat stress analysis for the workmen who work in high temperature work zone and provide Personal Equipment (PPE) as per norms of factory Act.	Noted & Will be complied
34)	Provision shall be made for the housing of construction labour within the site with necessary basic infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be provided in the form of temporary structures to be removed after the completion of the project.	Noted & Will be complied
35)	Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.	Noted & Will be complied
IX.	Corporate Environment Responsibility	
36)	The Project Proponent shall submit the time bound action plan to the concerned regional office of the Ministry within 6 month from the date of issuance of Environmental Clearance for undertaking the activities committed during public hearing consultation by the project proponent and as discussed by the EAC, in term of the provision of the MoEF&CC Office memorandum No. 22-65/2017-IA.III dated 30 th September, 2020. The action plan shall be implemented within three years of commencement of the project.	Noted & Will be complied

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

37)	The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/ deviation/ violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.	Agreed.
38)	A separate Environmental Cell both at the project and company head quarter level with qualified personnel shall be set up under the control of a Senior Executive, who will directly report to Head of the Organization.	Noted & Will be complied
39)	Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be dully approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/ Regional Office along with the Six Monthly Compliance Report.	Noted & Will be complied
40)	Self-environmental audit shall be conducted annually. Every three years third party environment audit shall be carried out.	Noted & Will be complied
41)	All the recommendations made in the Charter on Corporate Responsibility for Environment Protection (CREP) for the Mineral Beneficiation plants shall be implemented.	Noted & Will be complied
X.	Miscellaneous	
42)	The Project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguard at their cost by prominently advertisement it at least in two local newspaper of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.	The advertisement about the grant of EC letter for the project has been published in two local newspapers namely Dainik Bhaskar and Rajasthan Patrika dated 14 th July, 2022 and copy of the same already send on 30.07.2022. Copy enclosed as annexure-2. Copy of Environment Clearance has been uploaded on Company website. Link is given below:- www.jkcement.com
43)	A copies of Environment Clearance shall be submitted by the project proponent to the Heads of local bodies, Panchayat and Municipal Bodies in addition to the relevant offices of the Government	The copy of EC letter has been provided to concerned Panchayat vide letter no. JSL/PROJ/03 dt. 16.07.2022, and copy of the

Compliance Report of Environment Clearances of Limestone Mine-Khinya-II (A) Block (Auction Block) (M.L. Area 304 ha.) at Village – Khinya, Tehsil – Shri Mohangarh (Mohangarh), District – Jaisalmer, (Raj.) by J.K. Cement Limited.	From: April, 2024 To: September, 2024
---	--

	who in turn has to display the same for 30 days from the date of receipt.	same already send on 30.07.2022, Copy enclosed in Aneexure-02.
44)	The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same of half- yearly basis.	Noted & Will be complied
45)	The project proponent shall monitor the criteria pollutant level namely; PM10, SO2, NOx (ambient levels as well as stack emission) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.	Noted & Will be complied
46)	The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environmental clearance portal.	Noted & Will be complied
47)	The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.	Noted & Will be complied
48)	The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.	Noted & Will be complied
49)	The project authorities must strictly adhere to the stipulation made by the State Pollution Control Board and State Government.	Noted & Will be complied
50)	The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that their presentation to the Expert Appraisal Committee.	Noted & Will be complied.
51)	No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment Forests and Climate Change (MoEF&CC).	Noted
21.	The Ministry or any other competent authority may alter/modify the above conditions or stipulate any further condition in the interest of environment protection.	Noted
22.	Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attracts action under the provisions of Environment (Protection) Act, 1986.	Noted

No. F. 6(3) IGNB/2021

Jaipur, Date :-04.03.2022

Sub: Allocation of water from IGNP for proposed Lime stone Mine and Cement plant of JK Cement Ltd. in village Khiyan and Parewar, Mohangarh, Jaisalmer.

Sir,

With reference to your letter dated 20.12.2021 and 15.02.2022, I am directed to convey sanction for supply of 1700 KLD water from Indira Gandhi Nahar Project for your proposed Limestone Mine and Cement plant in Mohangarh, Jaisalmer on following conditions-

1. Water will be supplied at the rate prescribed by GOR, time to time for industrial uses.
2. All expenditure for arrangement of supplying water will be borne by JK Cement.
3. The company shall ensure to adopt latest techniques for efficient use of water.
4. The company shall ensure to develop full capacity upto the end of five years from the date of issue of this order. Sanction will be freezed up to the quantity of water being utilized at the end of 5 years & this sanction for balance quantity, if any, will stand cancelled. If any fresh demand after this period, the application of company will be considered on the merit.
5. Location of offtake point for water supply will be decided in consultation with Additional Chief Engineer, IGNP, Jaisalmer
6. The Company will make necessary water storage arrangement to take care of its requirement during annual canal closure.

This issues as per sanction received vide MR no: 151/M/WRD/2022 dated 16.02.2022 of Hon'ble Minister IGND & WRD.

Yours faithfully,

(Jitendra Dixit)

Deputy Secretary to Govt.,
Indira Gandhi Nahar Department,
Jaipur.

किसान सम्मेलन को लेकर बैठक

पत्रिका
धर्म-
संवाद

पत्रिका न्यूज नेटवर्क
patrika.com

जैसलमेर, 24 जुलाई को प्रताप फाउंडेशन के तत्त्वधान में आयोजित होने वाले किसान सम्मेलन को लेकर सोझा क्षेत्र की प्रथम बैठक खडला मठ म्याजलार में मठाधीश गुरु खेरखनाथ के आसीर्वाद से आयोजित की गई।

प्रारंभ में मंगल चरण करवाकर कार्यक्रम शुभारंभ किया गया। बैठक के दौरान कृषि युवक संघ जैसलमेर संभाग प्रमुख तारेंद्र सिंह झिनझिनवाली ने कहा कि किसान एक व्यपक शब्द है। इसी को ध्यान में रखते हुए प्रताप फाउंडेशन सभी समाजों को एक मंच पर लाकर सामाजिक सद्भावना स्थापित करने का कार्य कर रहा है।

वरिष्ठ स्वयंसेवक बाबू सिंह बैरसियाला ने कहा कि जैसलमेर में आयोजित होने वाले किसान सम्मेलन को लेकर हम सभी अभी से

जैसलमेर ग्रामीण क्षेत्र में जनसंपर्क करते हुए।

तैयारियों में जाएं। फुटबॉल संघ निलह अथ सुबुसिंह पोखीना ने कहा कि इस पूर्वज सभी जातियों को साथ ला उनके हित के लिए आगे रहने, लेकिन वर्तमान में हमारे बीच रिपा पैदा की गई, जिससे हठरोति अन्य समाजों में नकारात्मकता भाव बढ़ा, लेकिन आज भी गांव में प्रत्येक जाति के लोग हमारे का मुख्य शांति से रहते हैं। सरपंच संजिता अण्ण्ड वजेन्द्र सिंह सत्तो ने कहा कि प्रताप फाउंडेशन बं और से यह पहल की जा रही है यह अपने आप में ऐतिहासिक है। बाड़मेर में आयोजित कार्यक्रम की चरों और सराहना हो रही है। बैठक में प्रत्येक गांव की

अलग-अलग टीम बनाई गई है। वहीं मुख्य कार्यक्रम जैसलमेर आने के लिए खडला की व्यवस्था संबंधित जिम्मेदारियां दी गई है। इसी कड़ी में किसान सम्मेलन को लेकर बैठक खडला मठ म्याजलार में आयोजित की गई। बैठक में मठ के प्रेमाथ, मोतीनाथ के साथ तवाईसिंह म्याजलार, नरतपसिंह म्याजलार, गजेन्द्रसिंह झरते, उम्मेदसिंह गुजनागव, जुगसिंह रावतरी, भूरसिंह लुनार, खीमसिंह खाभा, लालसिंह करड़ा, चामसिंह भाटी, मुलानारायण सुथार, कमलसिंह बिजराज का तला, मुल्लससिंह फुलिया सहित क्षेत्र के आसपास गांवों के सर्वसमान के लोग उपस्थित रहे।

बेनीवाल ने आर्थिक सहायता देने को कहा

पत्रिका न्यूज नेटवर्क
patrika.com

जैसलमेर, जिले के सांगड़ पुलिस थाना क्षेत्र के दवाड़ा में खैर कर्मा कंपनी में बीकानेर जिले के गजनेवाल रणजीतपुरा निवासी दिनेश कुमार बिस्नोई की गत दिनों हुए एकआरपी पैन्ल ब्लास्ट में झुलस जाने के बाद जोधपुर के महाराथ गांधी अस्पताल में इलाज के दौरान मृत्यु हो गई। इस पर बुधवार को गांधी अस्पताल की मेडिकी के बाहर नागौर सांसद व राष्ट्रीय लोकतांत्रिक पार्टी के संयोजक हनुमान बेनीवाल ने मृतक के

जोधपुर में मृतक के परिजनों के बीच नागौर सांसद हनुमान बेनीवाल।

परिजनों से मुलाकात की। उसके बाद सांसद ने संबंधित कंपनी के प्रतिनिधियों को दुरधाव पर जाला कर मृतक के परिजनों को अधिकतम आर्थिक सहायता देने के लिए कहा। उन्होंने जैसलमेर के जिला पुलिस

अधीक्षक से दुरधाव पर जाला कर प्रकरण में न्यायोचित कार्रवाई करने के कहा। सांसद ने कहा कि कंपनी को कार्य कर रहे श्रमिकों व अन्य लोगों की सुरक्षा के लिए आवश्यक प्रोटोकॉल अपनाने की जरूरत है।

बैठक 17 को

रामदेवरा संत हरजीराम मेघवाल समाज धर्मशाला सेवा संस्थान की आप बैठक 17 जुलाई को रामदेवरा धर्मशाला में आयोजित होगी। बैठक में अध्यक्ष, पूर्व में लिए निर्णयों की समीक्षा, कार्यों की प्रगति रिपोर्ट, सामाजिक जागृति आदि पर विचार-विमर्श किया जाएगा। कार्यकारणी का निर्वाचन होगा। नए सदस्य 15 जुलाई तक बन सकते हैं।

मंदिर में पुलिसकर्मी लगाने की मांग

जैसलमेर @ पत्रिका, स्वामीय पंचमुखी महादेव मंदिर रामदेव छीपा समाज गुरुकुल छात्रावास के सामने आया हुआ है। श्रावण मास में शिव मंदिरों में ब्रह्मचर्यों की भीड़-भाड़ रहेगी। इस संबंध में

नामदेव छीपा समाज के अध्यक्ष भगवानदास भाटी ने जिला पुलिस अधीक्षक को पत्र भेजकर इस मंदिर पर हर सोमवार को सुरक्षा के लिहाज से पुलिसकर्मी को लगाने की मांग की है।
